

# Client Story

**Client:** Fire Dog Farms

**Project:** Design a new visual identity and packaging for a variety of FireDog's THC Infused edible products.

I was hired by Fire Dog Farms to create retail packaging for their Maine distributed, cannabis products. I created a series of eye catching and clean product packages that remained brand consistent across all product lines. Products include FireDog brand gummies, fire ropes and chocolate bars.

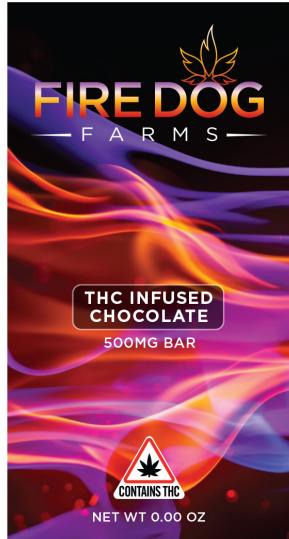

## Fire Dog Farms THC Infused Gummies Packaging Design (12 flavors in series)

## Fire Rope THC Infused Edibles Package Design (6 flavors in series)
