

Client Story

Client: Ivory & Onyx, LLC

Project: Create a new logo and website for business launch

The co-founders of Ivory & Onyx were looking for an elegant typographic treatment for their new logo design. I created their logo and developed a new website to help launch their new salon/wellness service.

The screenshot shows the homepage of the Ivory & Onyx website. At the top, a navigation bar includes links for HOME, SALON, WELLNESS, HARMONIC EGG, WORKSHOPS & EVENTS, BLOG, and ABOUT, along with social media icons for Instagram and Facebook. The main header features the logo 'IVORY & ONYX' in a stylized font, with 'SALON AND SUITES' below it. Below the header are three images: a woman with blonde hair, an amber glass dropper bottle with rosemary sprigs, and a person in a Harmanic Egg. The page is divided into three sections: SALON, APOTHECARY, and WELLNESS, each with a sub-image and a brief description. A large banner below the sections contains the text 'RADIATING BEAUTY FROM WITHIN' and a 'Book Now' button. At the bottom, there is a large image of a woman's face partially obscured by green leaves, with 'CONTACT' and 'LOCATION' buttons at the very bottom.
